

## Coaxial cable Jobcoax 9

**Application** : For use in CAI-network. Coax 12 is a drop cable and Coax 6 and 3 are trunk cables.

**TECHNICAL DATA** : 0148628

Standards : NEN-EN 50117.

Characteristic impedance : 75 Ohm

Outer diameter approx. : 6.8 mm

Diameter inner conductor : 1.1 mm

Inner conductor material : Cu, bare

Inner conductor category : Class 1 = solid

Diameter outer conductor : 4.85 mm

Outer conductor material : Cu, bare

Type of outer conductor : Foil + braiding

Dielectric : Hollow PE

Armouring : No

Material outer sheath : PE (polyethylene)

Colour outer sheath : Green

Halogen free (acc. EN 60754-1/2) : Yes

Flame retardant : No
