

## Coaxial cable Jobcoax 12

**Application** : For use in CAI-network. Coax 12 is a drop cable and Coax 6 and 3 are trunk cables.

**TECHNICAL DATA** : 0148600

Standards : NEN-EN 50117.

Characteristic impedance : 75 Ohm  
 Outer diameter approx. : 6.8 mm  
 Diameter inner conductor : 0.7 mm  
 Inner conductor material : Cu, bare  
 Inner conductor category : Class 1 = solid  
 Diameter outer conductor : 4.8 mm  
 Outer conductor material : Cu, bare  
 Type of outer conductor : Braiding  
 Dielectric : Solid PE  
 Armouring : No  
 Material outer sheath : PE (polyethylene)  
 Colour outer sheath : Green  
 Halogen free (acc. EN 60754-1/2) : Yes  
 Flame retardant : No
