

## Coaxial cable Jobcoax 6

**Application** : For use in CAI-network. Coax 12 is a drop cable and Coax 6 and 3 are trunk cables.

**TECHNICAL DATA** : 0148640

Standards : NEN-EN 50117.

Characteristic impedance	: 75 Ohm
Outer diameter approx.	: 16 mm
Diameter inner conductor	: 1.6 mm
Inner conductor material	: Copper, bare
Inner conductor category	: Class 1 = solid
Diameter outer conductor	: 15.7 mm
Outer conductor material	: Copper, bare
Type of outer conductor	: Lap-screen
Dielectric	: PE/air
Armouring	: Yes
Material outer sheath	: Polyethylene (PE)
Colour outer sheath	: Green
Halogen free (acc. EN 60754-1/2)	: Yes
Flame retardant	: No
Underground installation	: Yes
